New Listings

In 2015, Airbnb reached the **highest** number of new listings, 2016 and 2017 saw a restraint also due to a tightening in local regulations. Despite this, Airbnb becomes **profitable** in the second half of 2016, and 2017 marked the first full year of generating income. From 2018, there was a new growth stopped in 2019 by the **COVID-19** pandemic.
